Unjust treatment of Stanhope Fire Chief continues

Following an investigation by the Ontario Fire Marshal's office on Monday, July 16th, 1979 concerning the mass resignation of 20 volunteer fire fighters in Stanhope Township, a report of their findings and recommendations to Stanhope council were heard last week.

The report outlined several areas of discrepancies within the department, praised others, and recommended that Richard Kinsman be re-instated unconditionally as the fire chief.

Council had voted in favour (3-2) on the re-instatement of Mr. Kinsman to the position of Fire Chief but earlier this year they had removed the chief also by a vote of 3-2. This time, Deputy Reeve Elgin Stouffer decided it was time for a change and voted in favour, along with Harry Davis and Elvin Johnson.

When the report was heard last Wednesday, council had passed a by-law reappointing Mr. Kinsman as chief. When he was told of their decision later that evening he chose to think about it for a couple of days but was told he had until 5 pm Thursday to either accept the position as chief or decline.

Unable to contact his men for a meeting on such short notice, Mr. Kinsman called Reeve Jim Harrison and asked if he could meet with council and was informed that a meeting could be set up as soon as possible. However, before the night was over, Mr. Kinsman received a call from the Reeve informing him that he had not met the 5 pm deadline and he was through.

In a statement to The Express on Monday, Mr. Kinsman said he was not going to be kicked around again by this council and would only accept the position if he had council's full support (100%).

He noted in the Fire Marshal's report that they recommended that concessions be made on both sides and he said it was obvious to him that the Reeve and councillor Wood have not yet accepted this.

Mr. Kinsman added that his men (20 in number) have supported him to the bitter end and it was really not the men that were losing but the rate-payers of Stanhope Township.

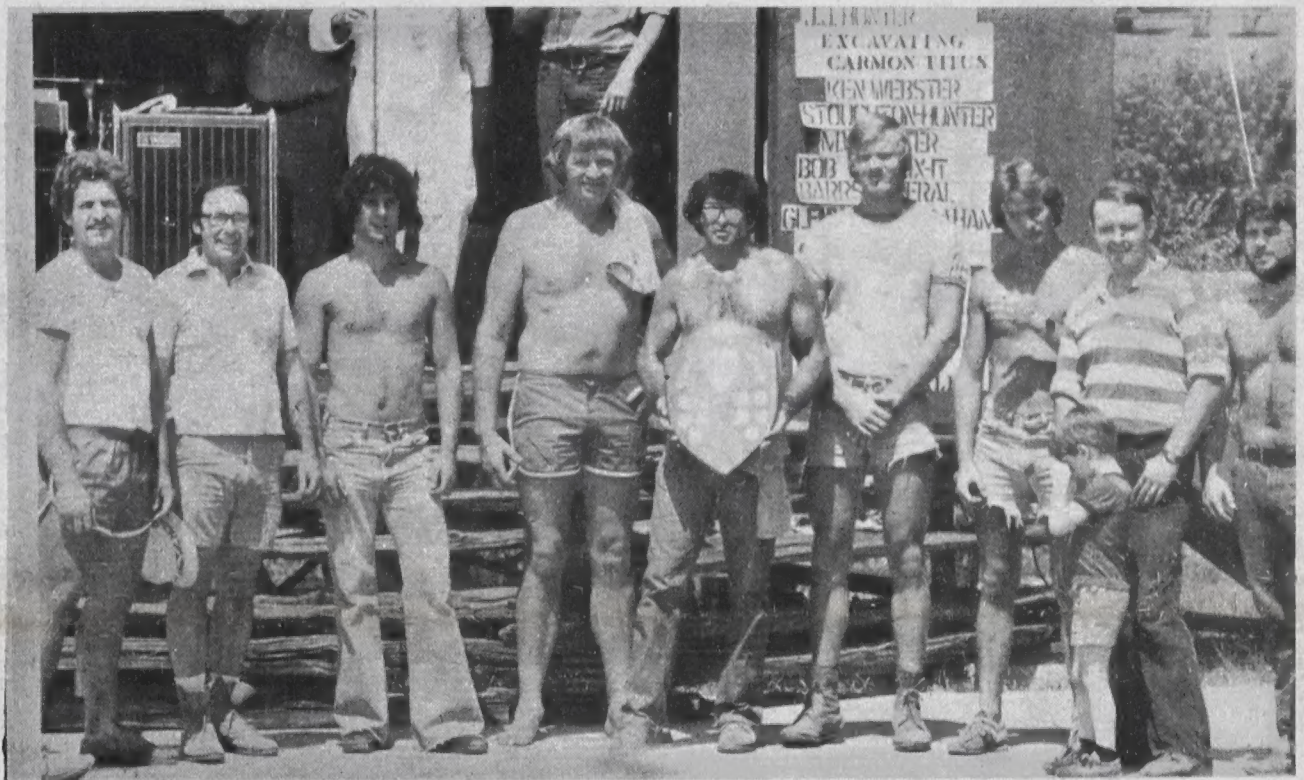

The Fire Marshal's report was presented to The Express this week by councillor Elvin Johnson and details of that report may be found in a future issue.

CNE Aug. 15th to September 1st

Canada's Highland Regiments will be honoured during the 1979 Scottish World Festival Tattoo at this year's CNE on August 16, 17, 18 and 19.

Guests of Honour at the '79 Tattoo include the Hon. Pauline McGibbon, and officers of many of Canada's Highland Regiments, including Lt. Col. Alex Percy, Lt. Col. David Temple, and Lt. Col. David Temple.

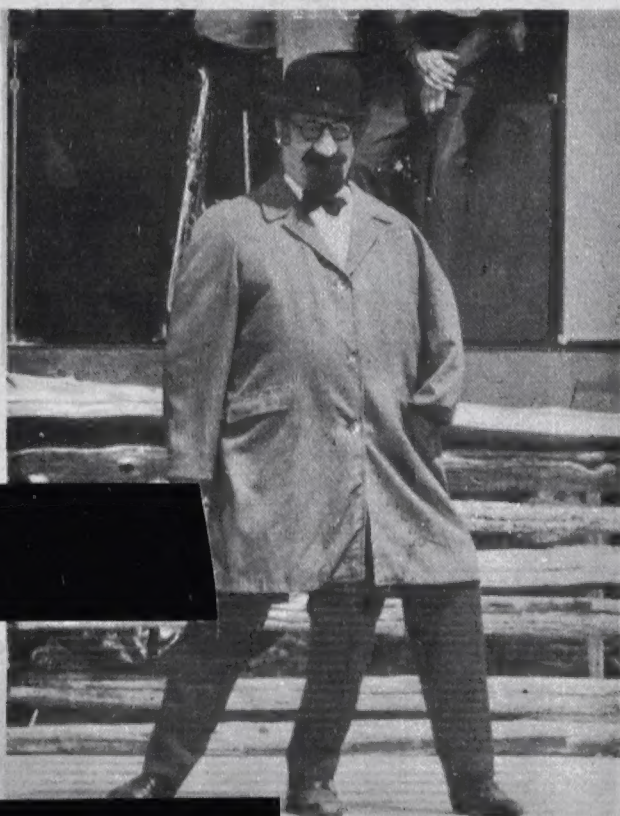

Joining in honouring of Canada's Highland Regiments of the past and present are the Scottish Guards and Royal Highland Fusiliers of the British Army and pipe bands from Scotland, Australia, Northern Ireland, England, US and 2½ hours of spectacular Scottish music at Exhibition Stadium.

Wolf Lake captures tugawar in Gooderham

The 2nd annual Gooderham Olde Tyme Horseshoe Day tug-a-war competition had only two entries this year but what entries they were. Wolf Lake won in two straight pulls over Tamarack Lake. Shown above are the winners

Ron Muirhead, Bill Allen, John Cheyenne, Murray Funk, Bernie Gerber, Dennis O'Brien, Paul Soeiro, Gerald Funk, Doug O'Brien and Jim Wallace.

THE PAKE

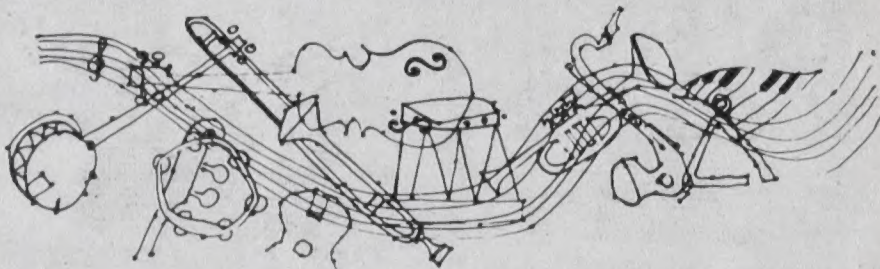

The crowd again this year was delighted by the Master of Ceremonies, Avery Spencer, with his great assortment of hats and masks. He also did his very popular routine of The Pake, the three-legged man.

Sharon Beck win talent contest

A Toronto school teacher was this year's winner of the Grand Prize in the Gooderham Fairs talent contest. Sharon Beck delighted the huge crowd around the band shell with renditions of Old Bill Bailey, A Tear Must Fall and Green, Green Grass of Home to win the prize. Others involved were Lisa Titro of Haliburton, Shannon Mintz of Gooderham and a couple from Uxbridge.

County waters claim two lives

Two people drowned this past weekend in Haliburton County, a 17 year old Hollywood Crescent, Toronto man in Kennisis Lake at the dam and a 30 year old Mississauga man in the Gull River below Horseshoe Lake.

Neil A. St. Jean of Toronto, was with about 20 others at the Kennisis Lake dam, a gathering area for teenagers on the lake. He dove off into the fast water in an area filled with old grib logs and about two feet of water. St. Jean struck the bottom and was carried away from the dam by the fast current and his body sank.

About 4 pm, nearly half an hour after he dove, the body was recovered by Kirk Schmidt 15 of Toronto, who has some scuba gear. The body was found in 25 feet of water. Coroner at the scene was Dr. Good. No inquest or post mortem will be held. PC Barry Connelly and Cpr. D R Stevens.

The second drowning took place between 6:15 and 8:45 pm when Thomas G. Barbour also of Toronto was snorkling in the Gull River below the Horseshoe Lake dam.

Barbour, on arrival at his cottage went to the Gull River to snorkle. A short while later his wife colled for him and got no answer. The body was recovered the next day at noon by QPP scuba divers Barry Connelly and PC Pearson.

No inquest or post mortem will be held. PC Connelly and Bill Clendenning.

Cardiff holds July meeting

At the July meeting of Cardiff Township council, the

following matters were considered:

Mack Peters declared an interest in a matter concerning property owned by Canada Ltd. regarding a proposed amendment to zoning by-law number 9-79.

Council decided to request the Ministry of Revenue to continue with procedures toward establishing equalized assessment under Section 86 of The Assessment Act.

Council will also request that the Minister of Housing amend the conditions of approval of a plan of subdivision, File No. 02-46T-75407, to include Block A as mentioned in the original conditions, number 4 and 5 (b) dated July 16, 1976.

Council voted to accept the prices as indicated in a tender accepted by the Provisional County of Haliburton from Miller Paving Ltd. for prime

and surface treatment as follows: Supply and apply MTC Prime at \$0.668 cents per gallon; supply and apply RS1-K for surface treatment at \$0.646 cents per gallon; supply and apply SP-6 Primer at \$0.639 cents per gallon; haul and apply 3/8 stone from stock pile at \$6.09 per cubic yard, subject to the approval of the Ministry of Transportation and Communications.

The following accounts were authorized for payment: General Voucher No. 79-6 in the amount of \$57,937.03 including 25 percent of 1979 levy payable to the Provisional County of Haliburton, \$16,677.52 and 25 percent 1979 levy payable to the Haliburton County Board of Education, \$35,346.75 and Roads Voucher No. 79-6 in the amount of \$13,536.54.

The clerk was authorized to request the Ministry of Natural Resources to investigate a docking facility situated on Lot 4, Plan 397 in the Township of Cardiff to determine if the owner requires a water lot permit for the structure.

The clerk was also authorized to close the municipal office on July 14, 1979.

A by-law to amend By-law No. 9-79 was read a first, second and third time, passed, signed and sealed and numbered By-law No. 14-79 and engrossed in the By-law Book.

A by-law to write-off taxes under Section 636 (a) of the Municipal Act was read a first, second and third time, passed, signed, sealed and numbered By-law No. 15-79 and engrossed in the By-law Book.

A by-law to authorize the sale of land regarding Tax Registration File No. 78-3

was read a first, second and third time, passed, signed, sealed and numbered By-law No. 16-79 and engrossed in the By-law Book.

Office of The Fire Marshal

590 Keele St., Toronto, Ontario M6N 4X2

Mr. J. Harrison, Reeve. July 16, 1979
and Members of the Council.
Corporation of the Township of Stanhope,
RR 1, Haliburton, Ont. K0M 1S0

Dear Sirs: On July 19th, 1979 Fire Services Adviser Bernie Walsh and the undersigned interviewed a large number of people in your Township in regards to fire protection problems. The following are the findings and recommendations which we feel are necessary to provide good fire protection to your residents on a continuing basis.

Fire Protection in Municipalities in Ontario is the responsibility of the elected Council and the best way this can be achieved is to have a clear but comprehensive by-law to establish and regulate the Fire Department. Such a by-law acts as the terms of reference of the Fire Chief, as to how the Fire Department should be administered to comply with Council's wishes.

While By-law No. 79-3 passed by Council April 11th, 1979, does establish and regulate the Department, there are a number of discrepancies and redundant clauses.

There are also strong indications that the Fire Fighters, themselves, have been too active in trying to administer the Department.

It is therefore recommended that: By-law No. 79-3 be repealed and the Fire Department be re-organized in accordance with the Recommended Organization Chart and that a by-law to establish and regulate the Department under the provisions of The Municipal Act, be passed in accordance with the Recommended Establishing and Regulating By-law.
It is therefore recommended that: A Fire Committee of three Members of Council be established.

Former Fire Chief R. H. Kinsman appears to have been dismissed for reasons that are not justifiable to warrant such a serious penalty. A conflict of personalities is quite evident. Mr. Kinsman has a

very good knowledge of how a Fire Department should be administered, is respected by other fire officials and has conscientiously carried out his duties as Fire Chief. Mr. Kinsman did wrongfully dismiss four members of the Fire Department whereas he should have suspended the members and recommended to Council that they be dismissed, if this was his feeling. Mr. Kinsman has been criticized for a lack of leadership on the fire ground by some, and praised by others.

It is therefore recommended that: Mr. R. H. Kinsman be unconditionally re-instated as Chief of the Stanhope Township Fire Department and that a by-law be passed appointing him as Chief.

It is therefore recommended that: Chief Kinsman be instructed by Council to assume a command position at fires and that actual fire fighting at fire scenes be left to fire fighters when at all possible.

It is therefore recommended that: The Chief of the Fire Department be appointed as an inspector under the provisions of the Ontario Building Code Act.

It is therefore recommended that: Rules for the Department be made and published by the Chief of the Department in accordance with the Recommended Rules for the Department under the provisions of the Recommended Establishing and Regulating By-law.

This office cannot condone the mass resignation of the fire fighters when it leaves a municipality without fire protection. However, in the case of your Fire Fighters' resignations, we feel Council must accept at least some responsibility as the Fire Fighters must have acted out of total frustration and may have had no other way of drawing attention to their plight.

The temporary Fire Fighters who assumed the responsibility of providing fire protection to the community must be commended for their responsible action in assuming this role.

It is therefore recommended that: Positions on the Fire Department be advertised and sufficient officers and fire fighters be enrolled for the Fire Department under the terms of the proposed Establishing and Regulating By-law.

Assistance may be obtained from the Office of the Fire Marshal in conducting promotional interviews for the position of Chief or Deputy Chief of the Department.

It is therefore recommended that: In addition to the Chief, Deputy Chief and Company Officers that a Fire Prevention Officer and Training Officer be appointed.

Should the members of a Fire Department wish to form a Part-time Fire Fighters' Association, the Association should be kept separate and distinct from the operation of the Fire Department. When such an Association is established, it is suggested that the By-law and Constitution for the Establishment of a Part-Time Fire Fighters' Association be used as a guide.

The Fire Fighters are volunteer Fire Fighters and as defined in the Fire Department Act "Volunteer Fire Fighter" means a person who voluntarily acts as a Fire Fighter for a nominal consideration or honourarium. Council, in their generosity, decided to provide such an honourarium and the manner in which it was divided resulted in some dissatisfaction.

It is therefore recommended that: The system of dividing honourariums be agreed to by a majority vote of all Fire Department Members with the Fire Committee in attendance.

If the foregoing recommendations are acceptable to Council, this Office could provide a 40-hour basic training course for three hours each week for the re-organized Fire Department. We would also be prepared to monitor the Fire Department operations on a monthly basis for 6 months with a monthly meeting of the proposed Fire Committee and Fire Department Officers meeting with our Representative.

If good fire protection is to be maintained, in your community, there must be concessions made by all parties and a united effort made to resolve differences. I sincerely hope that we have and can continue to contribute some measure of assistance to you in attaining this goal.

Yours very truly, (signed) C. Norman Vine,
Assistant Chief, Fire Services Section.

Galway-Cavandish cottagers protest Hydro spraying brush

Township council for Galway-Cavendish Township have supported local cottager owners who are requesting that Ontario Hydro suspend the use of chemical defoliants for clearing vegetation along hydro line right-of-ways.

At a recent meeting council voted unanimously to agree with the sentiments of the Beaver Lake Cottagers association which has written to the Ontario Hydro requesting that chemical herbicides being used on the easements crossing private property be suspended due to harmful effects on the environ-

ment.

Representatives from Ontario Hydro maintain that chemical herbicides such as desernome, diphenoprop, and combinations of 2, 4-D and 2, 4DP are used on a selective basis and under stringent government controls. All workers applying the herbicides have to be licensed.

According to Hydro's vegetation control officer Brian Allen, herbicides are only used on broad leaved deciduous trees that react to being clipped by producing more limbs.

"People who are worried about the run off of chemicals into the local body of water can take samples to the Ministry where they will be tested for ingredients and under the present level of toxicity at which they are used it is safe after one hour if hu-

man's come in contact with the chemical he said.

Councillor Harry Platt who seconded the motion in support was worried about the safety to children and claimed spraying just makes things easier for hydro. It costs hydro about four times as much to use mechanical methods of control as opposed to chemical herbicides.

DEAL day at Frost Centre

DORSET — The Leslie M. Frost Natural Resources Centre will be presenting a special all-day educational program on Monday, August 6th. Called the DEAL day, the project takes its name from the Direct Experience Approach to Learning concept. The day has been organized as part of the centre's recognition of the International Year of the Child.

The centre will provide children 15 years of age and under with an opportunity to participate in an educational program designed especially for them. Included is interpretive walks, talks, a chance for some hands-on experience and demonstrations.

Registration commences at 9:30 with the program starting at 10. Children are requested to bring their lunch and invite their parents.

Other activities for August include a sawmill demonstration every Wednesday from 1-3 pm and guided walks at 10 am to 1:30 pm each Thursday. The Frost Centre is open seven days a week from 10 to 6 pm through to Labour Day.

WILBERFORCE — On Wednesday, July 18 there was an accident at the north end of the village when a motorcyclist and his passenger left the highway and sped into the yard of Fire Chief Floyd Tye.

The bike stopped short of the house but passenger Tracy Rusnell of Oshawa 16, was thrown against the building. She then landed on her back.

Six members of the Monmouth Fire Department answered the call and fortunately four of these had taken a recent course in First Response Training and were able to offer assistance to both the passenger and driver who was also injured.

When the ambulance arrived, the driver was so impressed with the work of the firemen he wrote the following note: Congratulations on a job well done. Please thank the fellows who helped at the scene as this was a very good job of first aid mobilization to both patients. Congratulations, Jerry.

Sports Page

by CLIFF BURKE

10 time Ont. Champ at Gooderham Horseshoe Day

GOODERHAM — Roy McLaughlin 61, of RR 1, Nestleton, Ontario has been pitching horseshoes for over 50 years. He learned the sport at a very tender age from his father William, and his uncle Russell who were both Ontario Champions.

ROY McLAUGHLIN

Roy took to horseshoe pitching like fish to water. In fact, at the tender age of nine he won his first tournament in Pontypool beating out men many times older than himself.

Since that first tournament his skill with the shoes has won him dozens of tournaments and competitions and he's got trophies and plaques and clippings to prove it.

Talking about the sport and the art of pitching in an interview with The Express last week, Roy said the very best players are born with the skills and then develop them over the years by starting to compete seriously at a young age.

Part of the secret is concentration, part of it is developing rhythm and a groove, much the same as a pro golfer or top notch bowler and Roy went on, when competition gets keen, there is a little bit of pschying your opponent as well."

When he takes to the pits at the CNE finals in August, Roy knows he'll be up against the very best, the current world champion in fact, a chap named Elmer Hohl of Wellesley, Ontario.

Roy admits that if Elmer is on his game, the rest of the field will be fighting for second place. "I could watch him all day, says Roy. "He's like a machine."

In 1977 Roy was leading Elmer in the world championships 40 to 20 in a 50 point game but Elmer came back and threw nothing but ringers to beat him. While Elmer seems to be almost unbeatable at singles competition, Roy has topped him in doubles when teamed with his brother Harold. In fact, Roy and Harold are Ontario doubles champions and have won the Ontario Plowing match 4 times.

Roy says he likes to compete and needs some kind of an incentive to get his game down pat. He plays better under pressure and there is plenty of 50 pt. cancellation games with each ringer worth 3.

To someone who has never pitched a horseshoe, the sport looks deceptively easy. The stakes are 40 feet apart and the idea of course is to ring the open-

Roy Wins Singles 7-0

ended shoe around the stake.

All top players have their own special techniques and Roy says he prefers a slow one-and-a-quarter rotation, which means the shoe revolves that many times in the air before landing.

Roy always stands to the left of the stake, gripping the shoe lightly in his large strong hand, he draws his arm back, steps forward with his left foot and releases, all in one easy fluid motion. When he releases the shoe it doesn't just sail through the air, but rather seems to float in a high gentle arc.

Roy recalls that when he was quite young, "a man from Toronto approached his father and wanted to take the young pitcher on tours of the Ontario Fairs with the intention of earning some easy money but his father didn't want any part of it.

However in 1938, Roy did go on tour with a team of six other players from Canada to the World Fair in New York and Washington DC where Roy beat the lady champion 50-49.

While prize money in the competitions used to be \$5 or \$10 things are getting better and Roy earned \$140 for his second place finish last year in the Ontario championships at Belleville.

In preparation for the Canadian Championships later this month, Roys says he will start to practice seriously several days before the match just to sharpen his skills.

Healey, Reeves win canoe race

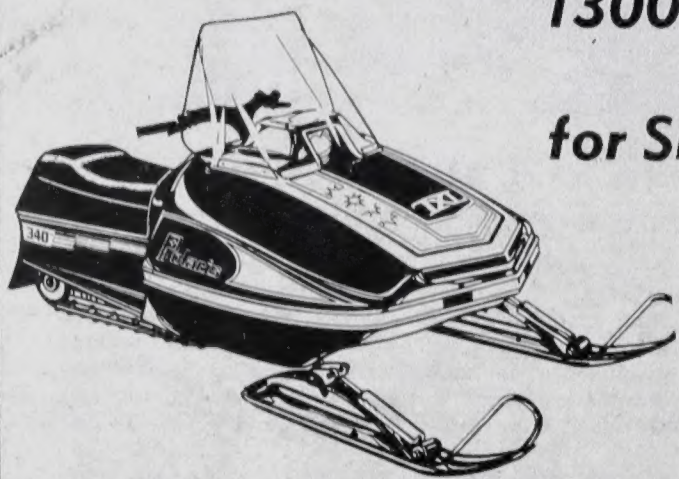

MINDEN — Each year as part of the Minden Rotary Carnival, the S. F. Stinson Memorial Canoe Race is held. This year's 17th annual event was won by Ray Healey and Ken Reeves shown above. The record time was 8:40 and this year it was 9:07. Second place finishers were Grant and Dan Weaver of Kirkfield and third went to Lorne Weaver of Cobocok. Top finishing camp was Kandalore, Tom Connell and Charley Moss who were fifth.

Teams with Don Rowe to win doubles tournament

Roy has held the Ontario Championships in horseshoes for ten years. He has finished second to the World Champion, is presently ranked fourth in Canada and fifth in the world. Roy also holds a personal record of 33 ringers in a row.

At the Gooderham Olde Tyme Horseshoe Day last weekend, he won the singles championship with a perfect 7-0 record including three shutouts. He then teamed up with Don Rowe of Peterborough to win the doubles.

The final standings in singles were: 1. Roy McLaughlin 7-0; Harold McLaughlin 6-1; Grenville Ray 5-2 and 4th Chuck Mathews 4-3.

In doubles action, 1. Roy McLaughlin and Don Rowe; 2nd Dick Jewell and Frank Schewring; 3rd. Ron Rowe and Doug James; 4th Harold McLaughlin and Bob Coulson; 5th Grenville Ray and Les Spanger and 6th. Cal Hondrick and Roy Coulson.

STANHOPE NOTES

by Alex Stevenson

The report from the Fire Services Section of the Fire Marshal's Office re the inquiry into the troubles of the Stanhope Fire Department was in our opinion a fair and objective document and in our opinion the proposals were intended to pave the way to providing a good and efficient fire department for this township. It also served to correct sources of irritation and discontent that existed in the past among some members of the department. It is our belief that a cool analysis of this report will indicate that some people have been vindicated, while others have been discreetly chastised and, by implication, that some improvements in the organization were in order.

The report reminded Council that fire protection was the responsibility of municipal councils. In the case of Stanhope, the report suggested that a new and comprehensive by-law is needed and should provide terms of reference as to how the Fire Department should be administered to meet Councils needs or wishes. It was recommended that a committee of three council members be appointed as a Fire Committee.

The report also found the former Fire Chief in

Thirty-five students hired by conservation authorities

Thirty-five high school students are attending summer school this July and August, but it won't be inside a classroom. Most of the time they'll be out-of-doors, working with conservation authorities in southern and Northern Ontario.

The 16-to-18-year-olds will be given a variety of jobs such as designing nature trails, identifying erosion areas, preparing a conservation area management plan,

and interviewing rural residents about their local conservation authority.

The students are participating in the Junior Conservationist Award Program, a seven-week field study program administered by the Conservation Authorities Branch of the Ontario Ministry of Natural Resources.

Four of the Authorities in this year's program — Halton Region, Saugeen Valley, Maitland Valley and Metropolitan Toronto and Region are located in southern Ontario. The fifth — Mattagami Region Conservation Authority — is in the Timmins area.

The program begins at the Leslie M. Frost Natural Resources Centre in the Haliburton Highlands. The students will take a one-week orientation course there before being assigned to a conservation authority for field work and study.

How come the railroads are a thing of the past, but become ab-so-lute-ly essential if anything shuts them down for 24 hours?

error when he dismissed four members of the department and that he should have suspended them and submitted a report to council for their action. However the report went on to point out that the former chief had a good knowledge of how a fire department should be administered. It also pointed out that the former chief did conscientiously attempt to carry out his duties as Chief and while some criticized his leadership others had praised him. The report then recommended that the former chief be reinstated by council.

It further recommended to council that he be instructed to assume a command position at any fire scene and the actual fire fighting be left to firemen while he provided leadership.

The mass resignation of fire fighters could not be condoned by the Fire Marshal's Office but suggested that they resigned out of frustration because of council's action in dismissing the Chief.

On the other hand the report praised the temporary Fire Fighters who assumed responsibility for providing fire protection to the township when the others suddenly quit and left the township without any fire protection. The report also suggested that the department be re-organized into five departments, namely—administration, training, equipment, fire prevention and fire fighting.

Other proposals were made as to by-laws and recommendations re advertising of positions on the department. The office of the Fire Marshal also offered to assist in the promotional interviews for the position of Fire Chief and of Deputy Fire Chief. In the event that council should adopt the recommendations of the report, the Fire Marshal's Office would provide a 40 hour training course and also offered to monitor the activities of the department for a period of six months.

It is understood that council will soon advertise for applicants who wish to serve on the volunteer Fire Department and then recreate the department along the lines laid out in the report from the Fire Marshal's office.

Dog show for Festival day, August 18th

Work goes ahead on the preparations for Stanhope Festival of Fun August 18th at the Community Centre near the Fire Hall on North Shore road.

Ray Woodward who is in charge of the dog show has announced the following as part of the program class A: a fun show open to any dog; class B, a best of breeds show; class C, obedience match.

The fun show will provide prizes for the best dressed, the longest, the smallest, the spottiest, the longest haired, the longest nosed, the shortest legged, and the shortest haired dogs entered.

The best of breeds will have classes for the sporting dogs, working dogs, hounds, terriers, toy and non-sporting dogs. The winners of these classes will then vie for the best of breeds award. Obedience matches open to all dogs any breed or age, but not to professionally trained dogs. Anyone desiring to enter may call Ray Woodward for information at 754-2040.

Two year old suffers minor injuries when struck by car

MINDEN — OPP had another busy week as they investigated 13 reportable and seven non-reportable motor vehicle collisions. Early Saturday afternoon a five year old boy was hit by a stationwagon when he was walking on the west edge of the pavement on County Road 7 in Guilford Twp. Daniel Allin, of West Guilford received minor injuries and was treated and released from Haliburton hospital.

Driver of the stationwagon was Cheryl Nicholls 17, of West Guilford. No charges have been laid. Investigation by PC Weldon Popp.

\$5000 damage to pickup truck

At 1:45 am on Saturday morning Kevin A. Sisson 19, of RR 1 Haliburton was eastbound on Cty Rd. 7 in Guilford Twp. when he lost control of his pickup and struck a tree on the south side. He was treated at hospital for minor injuries. Damage was set at \$5000. PC Brian Dunham.

Careless Driving Charge

A 31 year old Ottawa man has been charged with careless driving following a single vehicle collision on Hwy. 35 south of Minden early Thursday afternoon

Gilles Labelle was southbound on Hwy. 35 when he entered the east ditch striking a rock cut. Police have charged Labelle. Damage, \$1500. PC Pearson. \$1900 damage in two vehicle collision

Early Thursday afternoon a two car collision occurred on Hwy. 35 north of Minden resulting in one driver being charged, one injured and \$1900 in damages

Victor Ewstratin 18, of RR 2, Minden was south bound, attempted to pass a car driven by Frank H. Somers 66, of Toronto. The Somers vehicle turned east attempting to enter a private lane. Ewstratin suffered minor injuries and Somers was charged by police with not turning in safety. PC Potter.

Minden OPP to use ALERT screening device, August 1st

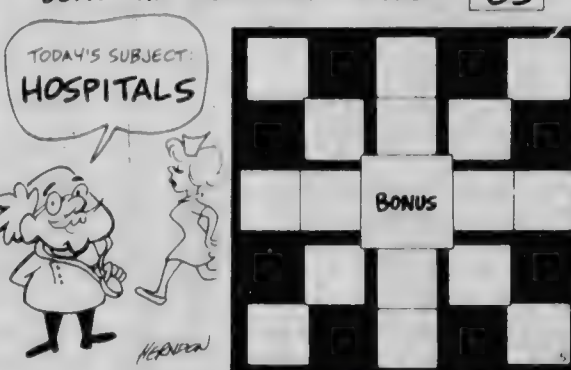

Commencing Aug. 1, 1979 the Ontario Provincial Police will introduce the use of alcohol level evaluation roadside testers — ALERT. The Hon. Roy McMurtry, QC Solicitor General of Ontario announced today.

The ALERT is a screening device to help the officers more effectively identify drivers who may be impaired said McMurtry. This device does not have the evidentiary value of a breathalyzer. The ALERT screening simply gives scientific indication of whether a drinking driver should be prevented from driving at that moment for the safety of other people and should be taken to a station where a breathalyzer test can be administered Mr. McMurtry said.

Minden OPP put their ALERT device into service tomorrow.

WEEKLY BINGO

BEAT THE PROFESSOR'S SCORE: **63**

1. Fill in the blanks with any four five-letter words on today's subject

Fresh vegetable now available

Ontario farmland is just starting to yield its bountiful harvest. The fresh fruits and vegetables from our own soil are now on the grocer's shelf and shoppers will find the Ontario product to be fresher and less expensive, particularly at this time of the year. Here are some tips from the Ontario Ministry of Agriculture and Food when shopping for cabbage and cucumbers.

According to food specialists at the Ontario Ministry of Agriculture and Food, different varieties of cabbage are grown in Ontario, but the large majority are the green cabbages. A small percentage of savoy cabbage and red cabbage are also grown and will be available during the season.

The major cabbage-growing areas in the province include the Lynden Mill Grove (Hamilton) area, as well as Halton and Norfolk counties.

The largest portion of Ontario-grown cabbage goes to the fresh market, with about 20 to 25 percent going to be processed. A small amount of the cabbage will be put into storage so that fresh cabbage will be available through the winter months.

When purchasing green cabbage, look for firm heads that are heavy for their size, with crisp leaves. At home, cut a thin slice from the stalk. Wrap the cabbage in plastic and store in the refrigerator. For top quality use within two weeks.

Cabbage can be served either cold or hot. Coleslaw is a summer salad favorite for many a barbecue and summer meal. Shredded cabbage also goes well in tossed vegetable salads. Cabbage cooked and served with a grating of cheese is hard to resist. And of course, cabbage is a delicious jacket for cabbage rolls.

Ontario cucumbers

In Ontario, the major growing areas for field cucumbers grown for the fresh market include Essex, Halton, Peel, Norfolk and York counties, Mill Grove and

Ottawa areas. Cucumbers grown for processing come mainly from the Essex, Kent, Oxford-Middlesex and Norfolk-Elgin counties. The majority of field cucumbers grown in Ontario are for processing.

Note that both pickling and eating cucumbers come from the same cucumber plant. The progressive maturity of the plant determines if the cucumbers will be used for pickling as gherkins (most tender), baby dills or dills, or for eating (mature cucumbers).

When selecting fresh field cucumbers for eating or

pickling, choose reasonably straight, firm ones with a fairly uniform green color. To store cucumbers for fresh eating, wrap them in plastic and refrigerate. If you plan to pickle cucumbers, it is important to do so as soon as possible after picking or purchasing them, preferably within 24 hours.

Home gardeners, attention: To keep your hands smooth and dirt-free, let your spouse do all the digging.

Rosen wins Heineken Yard

MINDEN — Another extremely popular event during the carnival is the 7.5 km Heineken Yard footrace from the gates of Onondaga Camp to the Rockcliffe Hotel. Once again it was record holder Wayne Rosen of Toronto who crossed the finish line in first place. He set the record in 1977 of 23:25.40 and ran the distance this year in 24:17.8. Second place went to Tim Park of Willowdale and third to Marcel Crete of Oshawa. The first lady runner to cross the line was Nancy Barker of Gay Venture Camp in 33:32.1, good for 24th.
